## CASEY OFFICIALS

### HELD OVER ON ASSAULT AND BATTERY CHARGE.

**Adair Boys Claim They Were Attacked and Cursed—Officers Say Youths Started the Trouble**

Deputy Sheriff Roscoe Brice, Jailer Tom Brown, of Casey county and Town Marshal Sam Raines, of Liberty, were held to the Lincoln county grand jury by County Judge James P. Bailey, on assault and battery charges preferred by Grover Caldwell, an Adair county youth. The bonds of Brice and Raines were fixed at \$300 and that of Brown at \$150, all of which were given by Sheriff J. D. Taylor, of Casey, who came down here with the men for the trial Thursday.

The trials were the outcome of some trouble which occurred at Moreland last Saturday night, when Caldwell, his two brothers and several other Adair county young men came there to take a train for Cincinnati where they expected to find work. They were stretched about on the floor of the depot, waiting for the early morning Sunday excursion. About 10 o'clock, according to Grover Caldwell's testimony, Brice and Raines entered, and began going over the crowd with a searchlight, as if looking for some one. When they came to him, he endeavored to push the light out of his eyes, when he said, the two men grabbed him, shook him, and bumped him up and down on the floor. He said that he was frightened and endeavored to get up and away from them, and when he got up Raines struck him over the head with his pistol butt, and as he ran out of the door shot at him twice. As he ran across the railroad tracks, he said, that Brown met him and grabbed him, and held him while Raines turned a searchlight on him; and after discovering that he was not the man they were evidently after, cursed him repeatedly, calling him all sorts of vile names. He said Brown offered to go with him to wash the blood off his head, but he was too frightened to go with him.

The youth's testimony was corroborated by his brother, Robert Caldwell, who said that when he endeavored to stop his brother and Raines while they were scuffling, Brice struck him with his fist "like the kick of a mule" as he called it, and knocked him away. He said that as his brother ran out, with Raines after him, Brice called to Raines to "kill him, Sam, I am with you." He said that when Raines fired at his brother, Raines had the pistol pointed right at the middle of his brother's back and that he knocked his arm up as Raines fired, but that Raines shot the second time, as his brother ran, without interference. Neither of the shots struck Caldwell.

Ed Sexton, another of the Adair county boys, testified to the same effect. All were evidently scared greatly by the treatment they had received, and Grover Caldwell appeared in court with his head bandaged up from the injury he had received. All three men said that the Casey county officers seemed to them to have been drunk.

The three officers, when placed on the stand, said that they had gone to Moreland to catch a man named West, who was wanted for malicious shooting, and that Mr. Brown went to look through the hotels at Moreland, while the other two officers looked over the crowd in the waiting room. All vigorously denied that they were drunk, but each admitted to have taken a drink at Hustonville.

### A NOVEL APPLE BRANDY CASE

A novel question will come before the Court of Appeals for decision when the case of H. L. Boggs, of Johnson county, indicted for selling liquor without a license and fined \$60, reaches the Court. Irvine Jayne, a farmer of Johnson county, took his apples to Boggs' distillery and had them made into brandy, the men sharing equally in the brandy. The question for the Court to decide is whether Boggs is guilty of selling liquor without a license by reason of making brandy out of Jayne's apples and giving him half of the liquor.

### DEMOCRATIC CLUB ORGANIZED

Immediately after the speaking of Lieut. Gov. Black and Congressman Helm at Crab Orchard last week, a Democratic Club was formed by a number of active workers who will endeavor to reduce the normal republican majority, at the coming national election. The officers elected were: President, H. G. Skiles; Secretary, Col. R. H. Bronaugh and T. H. Bronaugh, Treasurer. The next meeting will be held tomorrow Saturday at two o'clock when a list of vice presidents and workers will be named and active work of organization will be put on foot.

### Tobacco Looks Good

#### Col. Dunn Says Prices Should Be Up This Winter

Tobacco will be way up this winter according to Col. I. M. Dunn, head of the People's house of Danville, who was here a short while Wednesday en route to the Paul Finch sale at Crab Orchard. Col. Dunn is very optimistic in regard to the outlook, and is urging all who have a good crop of the weed to hold it, for he says, indications are that prices will be the highest in some time.

"The North Carolina market is opening splendidly," said Col. Dunn. "Prices there are just double what they were last year. The South Carolina crop is way short, and everything points to phenomenal figures on the Kentucky breaks when they open. Our market at Danville will open on December 1st, and every tobacco grower who sells his weed at the barn is taking an awful chance on losing a big bunch of money. Every indication is that we are going to have the best market and the best prices in years. We will have buyers on hand from all of the leading companies. The demand for tobacco is growing all the time, and things certainly do look good for the Kentucky grower this fall and winter."

### ENGLEMAN HORSE SECOND

A number of his friends at his old home here went to the trotts at Lexington Tuesday to see John Engleman's great three-year-old trotter Harrod's Creek start in the \$14,000 Kentucky Futurity. While it was not expected that this horse could win, as the greatest three-year-old of this and many other years was entered against him in the speedy mare Volga, Engleman's horse easily took second money which amounted to \$3,100. The Lexington Herald said this of Harrod's Creek's performance however: But all of the credit of the race does not belong to Volga, as great as her performance was. Second, the first two heats and making the principal fight in all three of them was Harrod's Creek. Nothing but praise could be heard for the sturdy chestnut that has made such a high class campaign this season. He trotted this race as he has trotted all the season without making mistake or break and reflected great credit on his trainer. He looks like one of the very best stake trotters insight for next year.

### ROOK CLUB ENTERTAINED.

Mrs. J. B. Foster entertained the Rook Club very delightfully on Tuesday afternoon at her home in the country. Autumn decorations prevailed throughout the house, the tall cards and all the decorations suggesting this pleasant season. On arriving, the hostess served her luncheon which was beautiful and delightful, consisting of a salad course and an ice, the color scheme of yellow being carried out in full. The following members and substitutes were present: Mesdames W. A. Tribble, S. M. Saufley, R. C. Hocker, J. S. Owlsley, J. S. Rice, J. H. Woods, R. M. Newland, Annie Engleman, J. H. Harris, H. C. Baughman, A. H. Sevance, G. B. Cooper, J. B. Foster, J. O. Reid, C. H. Foster, Ed F. Davis, Misses Sue T. Engleman, Rev. Levisa Harris.

### HOPPER HEARS GOOD NEWS

Attorney George Hopper is back from a trip through several mountain counties among them Clay, Jackson, Perry and others. He says that during his travels he encountered time and again old-time republicans who told him they were going to vote the democratic ticket this fall for Woodrow Wilson, for the first time in their history. They said that they knew that Wilson had kept this country out of the great war, and they felt it would be very unwise to take a dangerous chance by putting some one else at the head of the government. Mr. Hopper says that he was greatly surprised to hear so many old-time republicans say this.

Dr. Pursley's remedies are handled in Stanford by the Lincoln Pharmacy and in Hustonville by the Weddle Drug Store. Read his advertisement in another column.

Paxton purchased about a year ago. They are having a Louisville firm which makes a specialty of this sort of work install tiling which will give them cultivation every year 150 acres of what they expect to prove some of the very finest corn land around here. Putting in tiling in this much ground is an expensive proposition, and will cost the gentleman something like \$3,000, but they satisfied that the result will be well worth it. They have in about 120 acres of corn on this farm this season, which is in fine shape. James Messer is running the place for them.

If temperance sentiment is dormant in a town, it is prima facie evidence that "scientific temperance" is being neglected in the schools. Such a community is worthy of double condemnation, for it is faithless not only to its own children but to the welfare of the entire Commonwealth. —Contributed.

### New Phone Manager

#### Appointed at Hubble and Nice Office Building Erected

A. R. Castle has been appointed manager of the Hubble Telephone Company to succeed A. P. Sloan, and has moved from his home south of Stanford on the Somerset road, to take charge of the Hubble exchange and the business of this popular little phone company. A new exchange office has been built and things are in nice shape for the new manager. Mr. Sloan, who has been in charge actively of the company's interests since its organization, will devote his time exclusively to his farm, which needs his attention. Mr. Castle is a good electrician, and should make the right man for the place.

At the home of Mr. and Mrs. Ed. C. Gaines in Lancaster, the wedding of Miss Mary Gaines, daughter of Mr. W. R. Gaines, of Crab Orchard and Mr. Logan Stephenson, of this county, was solemnized Wednesday afternoon at one o'clock. Only a few near relatives witnessed the ceremony. The attractive home was beautifully decorated in goldenrod and ferns, and amid this mass of verdure and beauty the happy couple were made one by Rev. A. J. Cleere, of the Lancaster Baptist church. The bride was attired in a handsome blue suit with hat to match and carried a bouquet of bride's roses. After refreshments were served to the guests, Mr. and Mrs. Stephenson left for a bridal trip to the cities. The bride is an unusually pretty and attractive girl, and is a noble young woman in every sense of the word. She is a niece of Mrs. Nellie Ballou, of this city and attended school here for several years. Mr. Stephenson is a prominent young farmer and business man of the East End. ### READ THIS, MR. REPUBLICAN

Henry Ford visited President Wilson Monday and pledged his support to him, although he has been a re-  
publican in the past. No stronger argument for the re-election of Wilson  
has been made by anyone than what Ford said last week when he first publicly declared his intention to support the president for re-election. Just read these extracts from Ford's statement and think them over:

"To begin with," declared Ford, "I'm supporting Wilson because Wall street is supporting the other man—or, rather, because Wall street is against Wilson."

"I'm for Wilson because he is on to the interests—the 'unseen hands' that seek to control government—and is holding them off. That he is on to them, and is holding them off, is proven by his refusal to rush into war with Mexico, sacrificing the lives of thousands of young Americans to save the dollars that Wall street has invested in Mexico on a gamble.

"For this one reason alone the nation is under an obligation to return Wilson to the white house.

"Republicans are arguing that present prosperity is unhealthy, that it is wholly due to war and that when the war ends all of our prosperity will cease—unless we have a Republican in the white house.

"I deny first that war is responsible for the present prosperity in this country. The Ford company has not taken a dollar of war contracts—has refused them time after time—and yet our business has grown constantly and we are now 200,000 cars behind orders.

"The business of the United States today has a momentum that no man or group of men can stop.

"As for the tariff which Republicans insist must be revised to help have our prosperity after the war, I want to say that the tariff is nothing but a hot-house remedy.

"It may make business sprout for a little while, but its effect is artificial and it can never produce a hardy, permanent business plant.

"If we cannot compete on even terms with any country on earth, then we ought to quit. There is absolutely no necessity for hard times.

"There is enough in this world for everybody and this country always will find enough to do if the special interests and Wall street will keep hands off and not rob the many to enrich the few.

"I believe the president hit the nail on the head in his speech to the New Jersey business men last week when he said:

"The relation of capital and labor must be regarded as a human relationship of men with men. Labor must be regarded as part of the general partnership of energy which is going to make for the success of business men and business enterprises."

"When we get somewhere near that basis the real cause of hard times will appear.

"And I believe that Wilson, as president, will do more to bring an approach to those conditions than Hughes.

"I know Hughes, Teddy and Wall street are behind him.

"I'm a Republican, But I'm for Wilson. I'm a Republican for the same reason I have ears—I was born that way. But I'm for Wilson because I believe he can do more to enhance the prosperity and insure the peace of this nation than any other candidate. Anyone who does not want peace, and who wants to gamble with prosperity, should vote against him."

### WILSON AND MEXICO

The Republicans have been making a great to-do about President Wilson's course in regard to Mexico. They have charged him with being a coward for not intervening, and almost everything else in the category from incompetence on down. That is, the politicians, who hope to discredit him with the people who will do the voting. But what are the facts, and what has been the result of Wilson's policy? The Lexington Leader, partisan republican paper, in its report of the Methodist Conference which met at Nicholasville last week, contained complete refutation of its own party's charges that Wilson's Mexican policy has been a failure. Just listen to this. In telling of the Methodist Conference, the Leader said:

"Dr. G. B. Wenton, of Nashville, Tenn., who spent the greater part of the last fifteen years in Mexico and knows Carranza well, made an interesting address on the Mexican situation, putting it in an entirely

new light. At the end of his ad-  
dress he invited questions and was asked about President Wilson's policy in Mexico. He said he was sorry that question was asked, as it is a subject of politics, but he would say that Wilson's policy was perfect in Mexico. Carranza did not want war with United States. Villa he knew to have not more than 600 followers, but Villa would never be captured. He regretted the garbled reports sent out by newspapers from the border."

And thus, another of the arguments against the administration of Woodrow Wilson is scattered to the four winds. No Methodist missionary who has spent 15 years in heathen Mexico is going to come back here and tell a lie about conditions. And yet some Republican politicians are trying to get a sensible people to believe that Wilson blundered in Mexico. Ask the missionaries. They know. And see what they say. Score one more for Woodrow.

### STRAW VOTE LOOKS GOOD

In the New York Herald and Cincinnati Enquirer secret straw vote, enough states are shown to favor President Wilson to insure his re-election. In addition to the "Solid South" the Herald's straw vote shows that Wilson is the favorite in New York, Connecticut, New Jersey, Massachusetts, West Virginia, Kentucky, Missouri, Oklahoma, Arizona. These nine States have 136 electoral votes, which, added to the electoral votes of the States that are conceded to Wilson, give him more than enough to elect.

### State Loses Half Million

#### When Attorney General Logan Compromises Railroad Tax Suits

According to a dispatch from Frankfort last week the taxpayers of the state of Kentucky lost over \$600,000 by the compromise of tax suits against the C. & O. and C. N. O. & T. P. railroad by Attorney General Logan. This matter is of interest to every county through which these two lines pass, of which Lincoln is one, as it means a considerable reduction in the revenue which would have been received had the original valuations as fixed on the roads been upheld. The dispatch from Frankfort said:

Compromises have been effected by the C. & O. Railroad company and the Cincinnati, New Orleans & Texas Pacific Railroad company with Attorney-General Logan, whereby the franchise values of these companies are fixed at much less than they were fixed by the state board of valuation and assessment for the years 1912, 1913, 1914 and 1915. The judgments making final these compromises were entered in the Federal court here today.

Through this compromise of the suit for back taxes for the last four years the state of Kentucky loses \$210,000 and the cities and counties traversed by the two railroads lose \$420,000, making a total of \$630,000.

The assessment by the board of the Chesapeake and Ohio Railroad company's property of \$25,800,000 annually is lopped off to approximately \$18,000,000. The compromise in the Cincinnati, New Orleans & Texas Pacific Railroad property reduces the valuation of approximately \$17,000,000 to \$14,250,000.

Justus Goebel, of Covington, who with Attorney John L. Rich, of Covington, was largely instrumental in bringing about these assessments, was apprised of the compromises and asked by telephone if he would make a statement concerning them.

"I am surprised to learn that these compromises have been made. There should have been no compromises. Before making any statement I desire to learn all the facts. I will make a statement within a few days in which I will give the facts to the public."

Colonel R. L. Green, who, by virtue of his office as state auditor, is chairman of the board of valuation and assessment, was asked if the compromises were made by the board of valuation and assessment or the attorney-general. He replied that the attorney-general had control of all cases in court and that the board had nothing to do with the compromises.

The result of these compromises is to terminate finally the litigation between the companies and the state, which has been in progress since 1912.

The litigation between the state and the Louisville & Nashville Railroad company and the Illinois Central Railroad company is on the road to the supreme court of the United States and will not be affected in any way by the compromises made.

When Tom Rhea was a member of the state board of valuation and assessment he refused to agree to any compromise with the Q. & C. and the C. & O. railroads, although it is known that the C. & O. offered to known that the C. & O. offered to just been accepted.

#### Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

**You're Bilious! Let "Cascarets" Liven Liver and Bowels**

Don't Stay Headachy, Constipated, Sick with Breath Bad and Stomach Sour.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested fermenting food and foul gases; take the excess bile from the liver and carry out of the system off the constipated waste matter and poison in the bowels.

A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken. 79-1

**WALT MASON'S CALF.**

I asked eight dollars and a half for one fine black Polled Angus calf, which price was not too high; I hoisted it east, endeavoring to sell the beast, but no one wished to buy. Day after day I toiled along, and bored men with the same old song. Then said a friend, "Oh, rest your feet, quit wearing out the street, and holding by the year; spend fifty cents and advertise your saved off cover of pocket size, and buyers will appear." I followed up the same advice, and put my jaded feet on ice; and when the ad appeared, ten customers came to my gate; one bought the calf and paid the freight, the others bucked and reared. And thus by printing little ads, the wise man gathers in the scads.

**TEACHERS' CONTEST**

The per cent. of attendance of the teachers in the Educational Division will be announced in the Interior Journal after all of the meetings are held. There are twenty-six teachers in Division No. 1; twenty-one in Division No. 2; twenty-four in Division No. 3 and twenty-two in Division No. 4.—G. Singleton, Supt.

Mr. and Mrs. B. I. Blankenship and little son, Jesse Paul, visited her grandmother, Mrs. Thomas Ward in Laurel county last week.

B. I. Blankenship, the leading bee man, of this section, is ever widening and increasing the circle of his friends and customers through the sale of his celebrated honey. The past season he has sold honey from Maine to Arkansas and from Toledo on the North to Birmingham on the South. This honey has won at all fairs where shown this year with one exception. Even customers have shown it in their own name and won blue ties against all opposition.

**Bad Colds From Little Sneezes Grow**

Many colds that hang on all winter start with a sneeze, a sniffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsams, has been breaking up colds and healing coughs of young and old for 47 years. **HIGHLAND**

The all day singing here Sunday was a very pleasant occasion indeed. Although the home classes were disappointed in the Pulaski classes not being here, but Prof. Hodges' and Prof. Young's classes took time about trying their best to entertain the host of visitors. Mrs. E. G. Baugh, our chairman, gave the welcome address and we were favored by splendid addresses by the following men: Mr. J. C. McClary, Mr. Ed. Hubbard, Supt. G. Singleton and Rev. Chidress, pastor of Fairview Baptist church. There was a large table filled with good things and if anyone went away hungry it surely was his own fault. There were a great number of people present, can't estimate it in numbers—but there seemed to be as many outside as inside the church, and it was crowded. Many people from Stanford, Hubble, Danville, Science Hill and other surrounding towns were here. Several of Prof. H. O. Young's relatives and friends came over from Woodford county. One of the best surprises of the day was a collection of \$10 each for the singing teachers. Mr. Walter Baugh and wife of Danville, Mr. Amon Godfrey, of Science Hill, Hardin Young, of Union College, Barboursville, T. N. Butt and family, of Crab Orchard, were among the crowd here Sunday.

Rev. Luther Young filled his regular appointment at Yosemite Sunday, preaching morning and night. We have had several frosts, but, strange as it may seem, vegetation is only slightly bitten.

The political temperature here is about normal. Neither party has gotten busy yet. In fact we are not looking for matters of a political nature to get very warm this year. Democrats usually allow this county to go by default in presidential years.

Republicans may import a few spell-binders of the "one gallows" or "Jack leg" variety. As they usually do and that will likely be the extent in Casey.

T. D. Raney was here last week writing insurance.

Mrs. McD. Fogle has returned from Hedgeville after a visit to her brother, J. Lee Murphy.

W. T. Jasper was over from Min-

tonville one day last week.

Luther Toombs will move to Mansfield, Ill. He sold his personal effects Saturday at Yosemite.

It is thought that county politics will open up among the Republicans immediately after the November election. It is generally believed that Judge Lincoln Wells will be a candidate for County Judge, as his friends are urging him to become a candidate and he will likely announce early in the campaign. Lincoln has served one term as judge and made a fairly good record. He demonstrated his running qualities in 1907 when he was elected sheriff, being one of the very few that was saved from the Republican wreck that year.

J. M. Tilford is already a candidate for County Judge and he has been somewhat of a runner in the past. He is a persistent handshaker and is not lacking in the proper mode of mixing with the people. Should there be no other entries the race would be interesting between the two mentioned.

ONE LAST CHANCE AT \$1 A YEAR

The I. J. sent the following letter this week to quite a number of its subscribers whose subscriptions have expired and who have failed to renew at the \$1 rate as so many desire to do:

Stanford, Ky., Oct. 2, 1916

Dear Friend:—

Your subscription to the I. J. has expired. We sincerely hope that its visits have been such that you desire it to continue for another year or many more.

The increasing high cost of white print paper has compelled us to raise the subscription price to \$1.50 a year. We had planned to put the new subscription price into effect October 1st, but so many of our friends forgot to renew and then phoned us at the last moment that we agreed to extend the time till after next County Court day, October 9th, 1916.

As you are one of those who have failed to take advantage of the old \$1 rate, and as we are very anxious to keep you on our list, we are suggesting this last chance to renew for the I. J. at \$1 a year. You can send in \$1 for another year or as many dollars as you wish at the \$1 rate, to pay for as many years in advance as you desire. After Oct. 9th, the rate will be \$1.50 to all, payable strictly cash in advance, paper stopping when time for which it is paid has expired.

Don't neglect this opportunity. Send in a dollar or more and you will be duly credited. Thank you.

\* \* \* \* \* Uncle Harve" Poynter, of Walnut Flat, who has just returned from a visit to Laurel county, his old home, says that he found men there whom he has known all his life as staunch republicans, who told him they are going to vote for Woodrow Wilson this time. Several said that it is no time to be taking a chance or swapping horses in the middle of the stream; that this country is out of war, and there's no telling what might happen if some one else is put at the head of affairs. A sound argument that is, says "Uncle Harve."

The Lexington Herald said this week: J. W. Swope, of the Fayette Cigar Company, went to Lancaster yesterday to register so he could cast his first vote at the November election for Woodrow Wilson. He had changed precincts here September 12 and could not vote in Lexington, the sixty-day precinct regulation preventing. He made the seventy-five mile trip only to find after his arrival there that registration was not required in Lancaster, the town being of the fifth class.

### If you could look into a million homes

Could you look into one home in every twenty in America and see in all of them a coffee being served that is good enough to make breakfast as happy as this—  
If you saw all these homes using the same coffee—  
You would never rest until you had tried that coffee.  
Your grocer has it for you—

Arbucks'. It is by far the most popular coffee sold in America today!

Like the women in these million homes, you will find that Arbucks' has the rich, full flavor you have always wanted.

Until you serve it you will never know how much pleasure coffee can give.

To supply the women of America with their favorite coffee, ships of Arbucks' Coffee are on the sea every day, bringing coffee from the coffee growing countries to their big plant on the New York waterfront.

### Crack Shots To Exhibit

Adolph Topperwein and Wife To Shoot Here Monday

Mr. and Mrs. Adolph Topperwein, representing a popular make of shot guns, powder and shells, will give an exhibition of fancy trap shooting in Stanford next Monday at Embry Heights, where the Stanford Gun Club has shot for a year or so. They are said to be marvelous marksmen and their shooting will be a revelation to all of the wonderful possibilities of modern arms and ammunition in the hands of the greatest experts. Mr. Topperwein is the acknowledged dean of fancy and trick shots, and his many feats are of a highly sensational character. Mrs. Topperwein has no equal among women for adeptness in shooting. Ladies are especially urged to go and witness her astonishing skill with shotgun, rifle and pistol. Admission will be free by sale at The Penny Drug Store, Stan-

ford.

Mr. Topperwein lives in San Antonio, Texas. His native state has long been noted for its expert shooters and this penchant for shooting among Texans, added to his natural ability, undoubtedly accounts for the wonderful skill he displays.

### Kidd's Store

Weather favored the farmers and many need bigger barns to garner their bumper crops. Egypt never had better corn and the tropics can't beat our tobacco growers' prospects. To grow the tobacco is easy, but many have to learn that the crop cannot be profitably handled like clover hay, and must be judiciously graded before rushed to market. And the boss of the grading department too often would fail to pass in a competitive contest of experts at bulking the plant for stripping.

Greener pastures and much richer grazing have lured to our Hustonville suburb one of the best citizens Kidd's Store ever boasted. Since the great prototype of blacksmithing forged thunderbolts for Jupiter few experts at the forge can equal Jim Snow at horseshoeing, automobile and chronometer repairing. Disgusted and disheartened by difficulties of collecting accounts Jim has been swept off by tide of emigration.

Our emporium was burgled, by evidently home talent last week. Wire screen was torn from a rear window, pane broken and bolt fastening of shaft removed. Cash and stamp drawers were rifled to amount of a few dollars. Nothing is missed from stock.

Few habitats can be more congenial and fruitful of that "civic flower" which like lily of the valley, toils not and never spins, yet grows, burgeons and blooms in gorgeousness which dims Solomon's purple and fine linen apparel to a sombre shade in contrast. "The world owes me a living" is slogan of these parasitic pests whose one cruel discrimination of Nature and punitive legislation is labor of collecting their dues when the laborer who produces is not on guard or is asleep, recuperating for next day's work. When exigency compels acceptance of a job the unlucky employer needs to hide out and never know the perfunctory pretense of work, when the laborers (?) are not refreshing flabby muscles while in shade discussing theological dogmas or momentous moral problems.

How disappointments often prove beneficent is again emphasized to us. A preacher and a novitiate declined to perform their parts of a holiday program arranged for picnic when they heard refreshments would be sold at a boot. Rev. Wm. Holt was in the assemblage and graciously responded to request to preach. The inspiration of the sermon led to frequent revival sermons in the groves and the spiritual awakening has resulted in a new congregation and contributions to build a sanctuary.

As Woodrow didn't mention in address his notice that your correspondents of this end were not in the crowd at Hodgenville and hadn't time to convey his regrets, please hold open column for the personal letter which hasn't been received.

A new deal in our mail circles has produced a few delivery kinks which will soon untwist to the late excellent service.

It will be a long time yet, before we quit looking and listening for Tom Jeff Bell's round trips, by which our watches were regulated.

Lawrence Brown has installed Fords and promises that he will soon substitute airships for mail and passenger transportation if Sleepy Hollow doesn't wake up and go to road building.

Mrs. Levi Turpin has returned from a flying visit to her daughter in Central Illinois. The drought in that section has produced famine.

We need rain and badly. Stock water is failing fast and some cisterns are reservoirs only in the name.

Frost Friday night nipped tender vegetation on lowlands, but not a trace is manifest on elevations.

Corn cutting is being rushed in all the early planted fields. Late tobacco at creek levels was ruined but luckily there was little of it.

There are few skeptics here, now, as to miraculous growth of gourd-vines and bean stalks, as a sluggard can't raise a glance from ground upward fast as some weeds seemed to grow in gardens.

A grave old farmer declared he had to look twice to see tassel at top of some of his bottomfield cornstalks—tall enough for flagstaffs.

Let it be mentioned that philanthropist at Hustonville who needed new neck-robe by which horse was hitched on Main street, generously took time to employ one of the buggy lines as substitute. An old timer declares it a sad delusion that buggy whips, rugs and detachable accessories were ever safer than elsewhere, as victim had confidently thought.

In response to a preacher's request that all present who want to go to heaven with him come forward and give him their hands, a really good unregenerate joined the throng. As congregation dispersed he proposed to a companion that they go to a point Saturday where they could get some hard cider to drink. "What? Didn't you say tonight you wanted to go to heaven with Bro. B.?" was reproachful response. "Yes, I did, but he didn't set Friday night for us to start."

### Building Fine Bridges

Some Long-Felt Wants Being Filled On Danville Pike

W. A. Obenchain, inspector from the State Road Department, was here last week, going over the reconstruction work being done on the Danville and Crab Orchard pikes, under state-aid supervision. Phillips Bros., of this city, are putting in some splendid and long-needed concrete bridges on the Danville pike. A very substantial and durable one is about ready for use at the foot of the Job Rankin hill, while work is being pushed on a concrete bridge at the foot of the Ballou hill. This bridge has long been dangerous and the new bridge here will certainly fill a long felt want. W. A. Carson, of this city, who is actively on the job supervis-

### WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

Scott & Turner, Bloomsfield, N. J.

ion the Danville pike reconstruction work is seeing to it that a splendid job is done. As Boyle county has already completed her portion of the Stanford-Danville pike, 10 miles of one of the best roads in the state will have been completed when Lincoln completes her portion.

### Says Simple Remedy Prolonged His Life

#### DR. CALDWELL'S SYRUP PEPSIN EFFECTIVE AS A REMEDY FOR CONSTIPATION

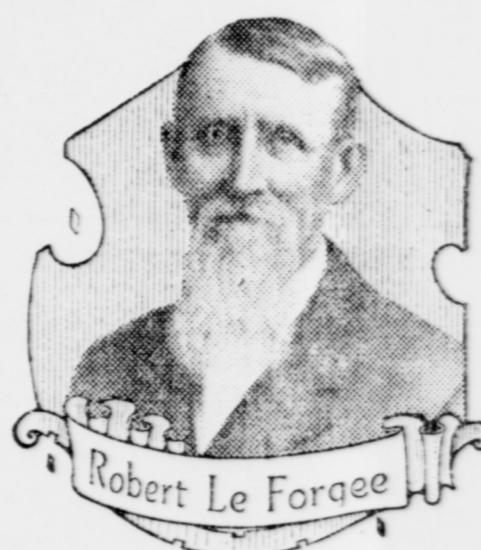

Among older people the various organs of the body have a tendency to slow up and weaken, and this is usually first manifest in a pronounced inactivity of the bowels.

Good health is dependent on regularity in this important function; whenever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed, however; these are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is the ideal remedy. It is gentle in its action, bringing relief in an easy, natural manner, without griping or other pain or discomfort, is pleasant to the taste, and can be obtained in any drug store.

Mr. Robert LeForge, 918 Kirkwood Boulevard, Davenport, Iowa, says he has always had bottle of Dr. Caldwell's Syrup of Pepsin in the house for the past eighteen years, and by using it occasionally as the need arises, and in this way keeping his health good, it has prolonged his life, and brought ease and comfort.

Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere, and costs only fifty cent a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington, St., Monticello, Illinois.

Wen So Many Stanford People Are Pointing the Way Out.

You may be brave enough to stand backache or headache or dizziness. But, if in addition urination is disordered, look out! But, if you live more carefully and help your kidneys with Doan's Kidney Pills, you can stop the pains you have and avoid future danger as well. Don't experiment—use the remedy Stanford people are publicly endorsing. Read this case:

John H. Wren, E. Main St., Stanford, says: "I know from experience that Doan's Kidney Pills are all that is claimed for them. Off and on for several years I had severe attacks of lame back. Often I did work that required stooping and at such times the backache became much worse. I also had a too frequent desire to void the kidney secretions both day and night. ## "Goodnight Corns! We Use 'Gets-It'!"

3 Drops in 2 Seconds. That's All.  
"GETS-IT" Does the Rest.  
Never Fails.

"Really, I never could see how some few people use the most difficult and painful way they can find to get rid of corns. They wrap their toes up with bandages into packages that fills their shoes full of feet and makes corns so painful they've got to walk sideways and wrinkle up their faces. Or they use salves that eat right into the toe and make it raw and sore, or they'll use plasters that make the corns bulge, or pick and pull at them, causing more trouble. Funny, isn't it? "GETS-IT" is the simple, modern wonder for corns. Just put 3 drops on. It dries instantly. No pain, fuss or trouble. The corns are off in 10 days and gone off. Millions use nothing else."

"GETS-IT" is sold and recommended by druggists everywhere, 25¢ a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Lincoln Pharmacy.

### SINGING AT HIGHLAND

J. C. McClary, Ed Hubbard, Garland Singleton, of Stanford, and Rev. Childress were the speakers at the "singing" at Highland Sunday. It was an all-day meeting and a large crowd was present. Basket dinners were brought and there was lots of good things to eat. The singing was done by classes from Highland led by Howard Young and from Fairview led by Mr. Hodges, and was pronounced fine in every way.

### Letters "Back Home"

Written By Many I. J. Readers In Renewing Subscriptions.

A host of the Interior Journal's big family of readers have sent in renewal of their subscriptions at the old \$1 rate during the past few days, so as to escape, for a time, anyway, the increase in price to \$1.50 a year that will go into effect next week, Oct. 1st and is made absolutely necessary by the enormous increase in the cost of white paper. Quite a number of the I. J.'s good friends write cheering messages "back home" in sending in their renewals. The I. J. and other friends are always glad to receive them and hope more will write. Some of the letters received recently contained the following messages:

From H. A. Pleasants, Groom, Texas—We suffered for rain the past summer and crops are rather short but prospects were never better for a wheat crop than at present. Recent rains have thoroughly soaked the earth and the farmers are jubilant. Tell all the prohibition boys to support Wilson and re-elect the best president since McKinley.

From W. G. Ball, King City, Mo.—Dear Old Journal: Please find enclosed \$1 to move my figures up for another year. I may not live to read it. I was 70 my last birthday, the 8th of July. Tomorrow, the 27th, is my 50th wedding anniversary. I was married to Susan A. Reynolds' on Fishing Creek near Waynesburg, on Sept. 27th, 1866. Cousin E. B. Caldwell, Jr., was married at the same time. We were married by that old veteran of the Cross, W. T. Reynolds. As I was away from home, we took our infar dinner with Cousin Ed at his father's home, the late H. W. Caldwell. Cousin E. B. and wife have both crossed that mystic river called Death, while wife and I still linger on this side. How swiftly those 50 years have passed by!

From Mrs. S. L. Lewis, Yates Center, Kansas—We can not do without the I. J., as it keeps us in touch with our old home and friends. Wishing you great success, etc.

From Dr. J. W. Acton, Glasgow, Ky.—I can't well get along without the I. J. It's like getting a letter from home. Hurrah for Wilson and Helm. Success to the I. J.

From J. T. Carson, Lebanon, Ky.—The I. J. is a welcome visitor in our home and we wish you success.

From Jesse L. Routh, Detroit, Mich.—I don't want to do without your paper for it gives me so much news from my old home.

From Blain Newland, Electra, Texas—I enclose you a \$1 for a year's subscription to the I. J., the newsy paper of central Kentucky. Have often thought of all the good people back in old Lincoln and would like to see and shake hands with everyone and I hope everyone is doing well. The cotton crop in this section of the

state is a little short this year on account of the drought but prices received for it more than makes up for the shortage, as it is bringing from 15¢ to 16¢ a pound and I have talked to several farmers this week who have received as much as \$100 for the bale and seed. Business is holding its own very well but is a little duller than usual just now on account of the shortage of water, as many of the oil companies here had to quit drilling on account of the drought. Let us all hope that President Wilson will still remain in office for another term and, believe me, old Texas will certainly do her part to keep him there. I trust everyone is enjoying the best of health and prosperity back in old Stanford.

From P. M. Vest, Joyce, Ky.—Let the paper come on. I can't get along without it. I hope that Helm, Wilson and the whole ticket will be elected.

From David Elder, Jr., Quail, Ky.—I enclose \$3 for three more years, for I can't do without it. Yours for good luck.

From J. L. Dayton, Luretha, Ky.—Send me the I. J., the cheapest and best paper in the state. Woodrow Wilson, the poor man's friend, is a sure winner, according to all the talk here at present.

Mrs. J. Eubanks, of Hustonville, also sent \$3 for three years more of the I. J.

### Crab Orchard.

Mrs. James Messer and Levi Messer, have returned from a week's stay with her mother, Mrs. Levi Myers, and sister, Mrs. A. E. Wilcher at Stanford.

Miss Bessie Carson, of Jellico, Tenn., is the guest this week of Miss Mayne Holman.

Mr. Newman Molman, wife and children, of Savoy, Ky., are with Mrs. Claudia Holman.

Mrs. Emma Farris has returned a most pleasant visit to relatives in Silver Creek and Richmond.

Mrs. Katherine Magee wishes all her friends to hear that she has received word that she has been allowed an increase in her pension, under the new law to increase the amount due widows over seventy years and her gratitude is extended to the lawmakers for their good decision.

Misses Ila Newland and Sis Wallin, of Stanford, were guests of Mrs. David Newland Sunday.

Mrs. Caltha Newland went to Stanford on business Tuesday.

Work has begun on the basement of the new Sunday School rooms at the Christian church and it will be pushed fast.

Mrs. Maggie Fish went to Stanford Tuesday. She took her mother, Mrs. Traylor and brother, June Traylor to Rowland. They were on their way home to Richmond, after spending some time with Mrs. Fish at the hotel here.

Little Miss Frances Tucker, of

Lancaster, is visiting her grandmother, Mrs. Izzy Tucker.

Mrs. Daisy Hunt moved to the Davis home on Wednesday and Mr. Will Pettus' family and Mrs. M. E. Fish will occupy the house vacated by Mrs. Hunt.

Little Elizabeth Perkins, who accompanied Mrs. Lura Speigel to Shelbyville, Ind., has returned delighted with her visit.

Mrs. Hannah Steger has returned from a most pleasant visit to Mr. and Mrs. Bill Myers, of Louisville. She stood the trip fine and walked from the depot here to town for exercise.

Rev. C. E. Wyatt preached one of his very best soul sermons Sunday morning and a large crowd heard him and his audience always carries away the feeling that it was good to have been there. He fights no individual, but aims a deadening blow at all sinfulness with fearlessness and firmness.

Mrs. Grover Kennedy, of Prestonsville, was the guest of Mrs. Ivon

Fish Monday.

Twelve of the noted political speakers who acquitted themselves so splendidly here Saturday took dinner at the "St. Ivon" where everything good was spread for them by the genial proprietor, Mr. Ivon Fish.

Hon. Harvey Helm gladdened his many friends and staunch supporters here by his presence Saturday and everyone enjoyed the good sensible things he said. Helm has a most wonderful magnetic influence over Lincoln county people whom he has served so well, and so long.

The friends of Mrs. Ada King will learn with sadness of her lingering illness, with little hope of being better.

Mrs. James Manuel is not much improved.

Mrs. Wilson King gave birth to a ten-pound boy baby Saturday which only lived a few moments. Mrs. King was formerly Miss Samantha Jones, of this city. Drs. Phillips and Harmon were in attendance.

The week's meeting held at the Baptist church came to a close Sunday evening. Rev. Reynolds, of Richmond, coming here for a week's stay for his health alone found this church had been without a pastor for two years, and felt that it was his duty to try to resuscitate it. How well he succeeded cannot be estimated. By his earnest soul-felt appealing, his clear concise manner of presenting the Gospel of Love. Much interest was manifested and a great awakening occurred. Not only among his own members was he appreciated but by all others who watched his zealous work and who realized he was in deep earnest about the salvation of souls. Rev. Cleare, of Lancaster, who assisted him preached Saturday night on the "Effects of Sin," and as we listened we felt that the churches of Kentucky could do no greater work than send them forth to every town in this state to preach this one discourse which should be heard by everyone as it was one of the deepest and plainest ever uttered in any pulpit. If you have never heard it you ought to.

Mrs. Garner Price, who was just getting up from a spell of typhoid fever, has had a relapse and is very sick again.

Mr. and Mrs. Sid Duke have returned from a week's stay at Elixir Springs.

Mrs. Virginia Moran, of Dresden, Tenn., is the guest of Mrs. Robert Collier.

Mr. Clinton Gooch, of North Carolina, has been with his parents, Rev. and Mrs. Gooch.

Mr. and Mrs. Spoonamore, of Stanford, were the guests of Rev. and Mrs. Gooch.

Mr. James Hays, Sr., is building a store room on his lot near town and will soon be ready to supply his friends with nice clean groceries.

Mrs. Bustle, who recently opened a stock of groceries on Lower Main is rejoicing over a very liberal share of patronage.

## What Does Catarrh Mean?

It means inflammation of a mucous membrane somewhere in the head, throat, bronchial tubes, stomach, biliary ducts or bowels. It always means stagnant blood—the blood that is full of impurities. Left alone, it extends until it is followed by indigestion, colds, congestion or fever. It weakens the system generally and spreads its operations until systemic catarrh or an acute illness is the result.

## Peruna

Is the nation's reliable remedy for this condition. It restores appetite, aids digestion, checks and removes inflammation, and thus enables the membranes through which we breathe and through which our food is absorbed, to do their work properly. Forty-four years of success, with thousands of testimonials, have established it as the home remedy—Ever-Ready Take. Its record of success holds a promise for you.

#### Moreland School News

School convened again Monday morning with a splendid attendance after a week's vacation. A few improvements have been made, namely, the addition of a few window panes to the windows, several noiseless erasers and an excellent stove which has been put in the professor's room. The pupils as well as teachers are ready for hard work and expect to accomplish a great deal during the remaining four months of the term.

The entertainment which was given at the school last Friday evening, was without a doubt a great success. A large crowd was out and everyone except a few jealous, incompetent fault-finders were very much pleased and passed high compliments on it.

A good sum was realized which will go toward securing a few more necessary articles for the school rooms. The teachers feel that a great deal can be done by having these entertainments because it arouses not only the interest of pupils but of parents and also it teaches the pupils in elocution.

Last Monday the pupils in professor's room with his help organized a "Grammar Club" which will represent a society and a language lesson also, and will be held every Friday afternoon from 2:30 to 3:30. Edgar Taylor was chosen president and Miss Nicholson was selected secretary. The arrangements of the programs will represent a newspaper with the different columns assigned to the pupils. All in the room are to be contributors to it. Bellview School News is the name of the paper and it is hoped that it will prove educational as well as entertaining. The program for the first time will be as follows:

President's Address.  
Secretary's Report.  
Editorial—Lotty Merriman.  
Sporting News—James Pipes.  
Short Stories—Edgar Taylor.  
Personals—Grace Ellis.  
Fashions—Eva Merriman.

Advertisements—Mart Owens.  
Poem—Thelma Owens.  
Quiz Box—Floyd Taylor.  
Current Events—Will King.  
News from Primary Grade—Rhoda Leigh.

Milledgeville News—Mattie Gadis.  
City News—Isaiah White.  
Joke Column—Josephine Myers.  
Critic—Prof. Moser.

The papers are to be written and then corrected by the teacher just like an ordinary language lesson. This plan has been chosen from Leiper's Helps in Language and it is hoped that it may have a great success.

Sarah Messer, sixth grade, is back in school after being absent for several weeks due to trouble with her eyes.

Joseph Bishop, third grade, with his grandmother, Mrs. Kate Coffey spent last week with his uncle, Charlie Coffey, on the Shakertown Pike, out of Danville.

We regret very much to give up Everett Waggoner, a bright student from our school. His father, Rev. Everett Waggoner has moved to Macksburg to take charge of the church at that place.

Miss Josephine Myers was ill all last week with tonsilitis, but is able to be at school this week.

James and Dineene Vaught, and Phil Compton spent three days last week with their uncle, Will Gooch at Danville.

John Lunsford and mother, Mrs. Rosa Lunsford, of Gilbert's Creek and Misses Dollie and Eva Shoop, of Waynesburg have been the recent guests of Prof. Moser.

Harry and Kendrick Kelly were absent from school two days this week. Their father has been moving from the King property to the Bailey house on Elm street.

James Pipes with his visitor, Mrs. Lula Pipes Carpenter, of Texas, motored over to Parksville and Broomfield last week and visited relatives.

Ray Durham, who was hurt in a fall from a wagon a few days ago, is improving rapidly and will soon be back in school.

Miss Hazel Timberlake, a graduate from this school last year entered High School at Hustonville this week.

Honor roll for the month of September is as follows:

Grade 1.—Henry Gilmer, Ernest Helm, James Rucker, Virginia Compton, Nellie Gresham, Ida Reynolds, Daisy Taylor, Annie Compton.

Grade 2.—Joseph Bishop, Luther Owens, Rudell Coulter, Lula Johnson, Omar Coulter.

##### IT BRINGS RELIEF TO BOY STANDING HIS WATCH IN MUD

Once upon a time, only a few months after this terrible world war had begun, Private Bailey, a soldier in the ranks had stood for days in the trenches "somewhere in France." The cold rains soaked him to the skin; the mud was deep. He had had no rest. Weary and aching with rheumatic pains, he recalled the faith his mother had in Sloan's Liniment. He asked for it in his next letter home. A large bottle was immediately sent him and few applications killed the pain, once more he was able to stand the severe exposure. He shared this wonderful muscle-soother with his comrades, and they all agreed it was the greatest "reinforcement" that had ever come to their rescue. At your druggist, 25¢.

#### DEATH OF MARY P. BOONE

Miss Mary P. Boone, 19 year old daughter of Mr. and Mrs. H. C. Boone, died at the home of her parents in the Goshen section, Sunday morning, Sept. 10th, after an illness of a few days. All that loving hands loving hands and medical science could do, was done to save her life but to no avail, for the Master needed her in the "Higher Field" and had called her. Miss Boone had for several years been a faithful member of the Christian church at Goshen. Her consistent Christian life, beautiful character and sweet disposition endeared her to all who knew her. She was ready and willing to meet her Maker and the beautiful prayer which she uttered just a few moments before she died will ever be a source of comfort to her loved ones left behind. We can not, now, understand why one so pure and sweet, a fair young girl, just in the bloom of life, should be taken away as this girl was, who had always been the favorite of the entire family. It is the Lord's work and we, mortals must bow in submission to his will and "Some Day We'll Understand." Miss Boone is survived by her parents, two brothers and one sister, all of whom are crushed with grief over their irreparable loss.

Funeral services were conducted at the home on Monday afternoon at 3 o'clock, by her pastor, Rev. J. G. Livingston, in the presence of a large concourse of sorrowing friends and relatives, after which interment took place in Goshen cemetery. The bereaved family have the heartfelt sympathy of a host of friends in this darkest hour of gloom. May they find comfort in Christ, whom she loved and followed so faithfully.

Upon the breast of earth she sleeps, Earth that she loved so well; The moon a silent vigil keeps, The sunbeams o'er her dwell; The stars are watchers when night sleeps.

The world in magic spell. Thus, e'er she seemed to draw in harmony

Good will from man, heaven, earth, and sky and sea.—A Friend.
